Profiles	<div><div><div></div><div>ParmarUday1011</div></div><div><div></div><div>Parmar Uday</div></div></div>	
Summary	<div>Motivated and detail-oriented Front-End Developer with an internship. Eager to contribute technical skills and grow in a professional environment.</div>	
Experience	<div><div><div>MK Soft service</div><div>Frontend Developer</div><div>April To June - 2023</div><div>Gandhidham</div></div><div>I worked as a Frontend Developer Intern at MK Soft Service for three months. During this internship, I worked on frontend web design using HTML, CSS, and Bootstrap. I built a complete company website that shared important information about the organization, including its services, production work, and overall activities.</div><div>The website included different sections such as About Us, Services, Contact, and a photo gallery. This project helped me improve my skills in creating clean, well-structured, responsive, and user-friendly web pages.</div></div>	
Projects	<div><div><div>HMS</div><div>Hostel Management System</div><div>May - 2024</div></div><div>Hostel Management System (2024): Developed a web-based system to manage hostel operations including student records, room allocation, fee management, and complaints, reducing manual work and improving data accuracy.</div><div>Key Features:</div><div><ul style="list-style-type: none">Student registration and profile managementRoom allocation and availability trackingHostel fee management and payment recordsComplaint/issue registration systemAttendance and entry/exit record managementAdmin dashboard for monitoring hostel operations</div><div>Technology Used:</div><div><ul style="list-style-type: none">Frontend: HTML, CSS, JavaScriptBackend: PHP (XAMPP)Database: MySQLTools: VS Code</div></div>
